The Vent-Free Series may not be approved for use in bedrooms and bathrooms. Please check with local gas code enforcement. Only “vent-free” gas log appliance (per ANSI Z223.1) is to be used. Always check instruction manual for details or contact your local dealer prior to installation. All Vent-Free Series fireplace systems can be custom finished to suit design, homeowner or builder needs. All Isokern® fireboxes require firebrick lining. Measurements and/or specifications are subject to change without prior notification.
